## EXPERIENCE

### AAJIVIKA BUREAU | REACT.JS DEVELOPER

July 2023 - Sep 2023 | On site

- Project Title: End of Fortnight Report (EOF) System
- Project Description: The End of Fortnight Report (EOF) System is a web application that allows employees to submit their end of fortnight reports. The system is designed to track the work that employees have done over the past fortnight, and to provide managers with a way to assess employee performance.

### INEURON.AI | FULL-STACK DEVELOPER

June 2023 - Aug 2023 | Remote

Project Goals:-

- To create a quiz app that is easy to use and engaging for users of all ages.

- To provide a variety of quizzes on a variety of topics, so that users can learn about different things.
- To track users' progress and scores, so that they can see how they are doing and improve their knowledge.
- To create a beautiful and responsive user interface that is easy to navigate.

### CODE ALPHA | WEB DEVELOPER

May 2023 - June 2023 | Remote

Project Description:

- A temperature converter that converts temperatures between Celsius, Fahrenheit, and Kelvin.

- A code editor that allows users to write and edit code.
- A link shortener that generates short URLs for long links.
